5

35 U.S.C. § 112, Second Paragraph

2. The previous rejection of claims 13 and 15-33 under 35 U.S.C. § 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention, is hereby withdrawn in response to applicants' amendment.

10

15

4. The previous rejection of claims 24-33 under 35 U.S.C. § 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention, is hereby withdrawn in response to applicants' amendment.

25

35 U.S.C. § 112, First Paragraph

6. The following is a quotation of the first paragraph of 35 U.S.C. § 112:

5 The specification shall contain a written description of the
invention, and of the manner and process of making and using it, in
such full, clear, concise, and exact terms as to enable any person
skilled in the art to which it pertains, or with which it is most
nearly connected, to make and use the same and shall set forth the
10 best mode contemplated by the inventor of carrying out his
invention.

7. The previous rejection of claims 13 and 15-33 under 35 U.S.C. §
112, first paragraph, as containing subject matter which was not

15 convey to one skilled in the relevant art that the inventor(s), at
the time the application was filed, had possession of the claimed
invention, is hereby withdrawn in response to applicants' amendment
and arguments.

35 U.S.C. § 103(a)

20 8. The following is a quotation of 35 U.S.C. § 103(a) which forms
the basis for all obviousness rejections set forth in this Office
action:

25 (a) A patent may not be obtained though the invention is not
identically disclosed or described as set forth in section 102 of
this title, if the differences between the subject matter sought to
be patented and the prior art are such that the subject matter as
a whole would have been obvious at the time the invention was made
to a person having ordinary skill in the art to which said subject
30 matter pertains. Patentability shall not be negated by the manner
in which the invention was made.

35 Subject matter developed by another person, which qualifies as
prior art only under subsection (f) or (g) of section 102 of this
title, shall not preclude patentability under this section where the
subject matter and the claimed invention were, at the time the
invention was made, owned by the same person or subject to an
obligation of assignment to the same person.

40 9. The previous rejection of claims 13 and 15-23 under 35 U.S.C.
§ 103(a) as being unpatentable over Lipton (1992) in view of Saag

(1997), is hereby withdrawn in response to applicants' amendment and arguments.

Ex parte Quayle
